

Revised from forum post:

Welcome to "Something is wrong..." A survival horror game where you are trying to survive yourself. You are stuck in a room, doing your tasks when something starts to not feel right. You know you need to get out of it, get out of your room. You need to figure out how to get out but you are fighting with yourself, your mind. As the player you have many tasks you need to avoid and complete to solve the puzzle to escape your insanity.
